Call for Tutorials

The Second International Conference on Computing and Network Communications (CoCoNet'18) will be held on August 15-17, 2018 in Astana, Kazakhstan. Astana is the capital and the second largest city in Kazakhstan which exhibits modern futuristic architecture and has some of the world's largest building projects, museums, amusement parks, and a beautiful lake. The conference is hosted by the Nazarbayev University, a rapidly developing tier-1 research university located in the heart of Eurasia in Astana.

The objective of CoCoNet'18 is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research and developmental activities in the field of Computing and Network Communications.

The Organizing Committee of CoCoNet'18 invites proposals for the tutorials which are being organized during the conference, i.e. August 15-17, 2018. Proposals are invited on emerging subjects in the area of Computing and Network Communications (a full list of topics is available on the conference website). The tutorial may extend for either a full or a half-day.

Proposed tutorial should attract a wide range of audience including faculty, students, researchers and practitioners. The tutorials should cover the topic in depth and it should not be the current work of the presenter or some commercial presentation. Please send your proposal to coconet2018.proposals@gmail.com. The following information is required to be presented in the proposal:

1. Title of the tutorial
2. Topic description
3. Aims and learning objectives
4. Profile/CV of the presenter
5. Contact information

Tutorials will be evaluated according to their relevance, technical content, novelty, and overall recommendation from the committee.

IMPORTANT DATES:

- Proposal Submission Deadline: **April 20, 2018**
- Notifications to Proposers: **April 30, 2018**
- Submission of Tutorial Material: **May 30, 2018**
- Conference Dates: **August 15-17, 2018**

CoCoNet'18 is technically sponsored by IEEE and IEEE Communications Society, and IEEE Kazakhstan Subsection.

All accepted & presented papers will be published on IEEE Xplore.
